

Soft Red Winter Wheat:

25R78

Maximizing Local Performance

Top performance awned variety that has excellent standability and test weight. Widely adapted with a proven multi-year performance track record.

Management Comments

- Manage appropriately in fields prone to scab
- Minimum recommended seeding rate: 1.2 to 1.4 million seeds per acre.
- Yield potential significantly reduced at lower than recommended seeding rates.

Key Environments

High yield environments	Suitable
Low yield environments	Suitable
Wheat in corn stubble	Insufficient Data
Winterkill Prone Areas	Insufficient Data

Suitability

Intensive Management	Suitable
Late Planting	Suitable
Low Population	Suitable

Traits Scores for 25R78

Characteristics Scores

Seed Size	7
Lodging Resistance	8
Height	3
Winterhardiness	
Head Type	Awned
Heading Date North	

Diseases Scores

Leaf Rust	7
Powdery Mildew	5
Scab	3

PIONEER® brand products are provided subject to the terms and conditions of purchase which are part of the labeling and purchase documents. Pioneer is a brand name; numbers identify products. ®, TM, SM Trademarks and service marks of Pioneer Hi-Bred. © 2011 PHIL.

[1]IMPORTANT: Information and ratings are based on comparisons with other Pioneer brand products, not competitive products. Positioning information is based upon historical observations and analysis of traits by Pioneer Agronomists and Research Managers. Trait scores are assigned by Pioneer Research Managers. Scores are based on period-of-years testing through 2010 harvest and were the latest available at time of printing. Some scores may change after 2011 harvest. Scores represent an average of performance data across areas of adaptation, multiple growing conditions, and a wide range of both climate and soil types, and may not predict future results. Products within a family receive the same score unless observations indicate a significant difference. Individual product responses are variable and subject to a variety of environmental, disease and pest pressures. Please use this information as only one component of your product positioning decision. Refer to www.pioneer.com/products or contact a Pioneer sales professional for the latest and most complete listing of traits and scores for each Pioneer brand product.
